

# MICHAEL JANER

## PROFILE

I am a cybersecurity student working toward my bachelor's degree, focused on real-world threat analysis, penetration testing, and defensive security. I learn best through hands-on labs and thrive in chaotic or high-pressure situations. I want to be known as a reliable, hard-working, and positive security professional who brings skill, curiosity, and people skills to the field.

## EXPERIENCE

### Fedex Express

NOV 2018-PRESENT

- Coordinated efficient delivery routes, ensuring the timely arrival of packages.
- Managed Inventory documentation for accurate package tracking and accountability.
- Trained new couriers on safety protocols and operational procedures.

### Blue Martini Security

OCT 2016 - NOV 2018

- Self-motivated with a strong sense of personal responsibility.
- Worked effectively in fast-paced environments
- learned to stay vigilant and alert to things out of place

### Physical Therapy Technician

FEB 2014 – NOV 2018

- Assisted physical therapist in implementing treatment plans for diverse patient populations.
- Maintained equipment, ensuring cleanliness and functionality for optimal patient care.
